B a n g a l o r e

Sir,

In reply to your No. 5034 Medl. 202-12- dated the 1st November 1913, I have the honor to report that I made a careful inspection of the whole of Harihar Town on the 9th of this month in view to find out if a better and more suitable building, even on a payment of extra rent, than the present one could be found.

I am convinced that there is no better private building available for the purpose.

I am also convinced that the building now in the occupation of the Deputy Amildar and which was once the Taluk Cutchery is by far better suited for the purpose of a Dispensary than the school building under contemplation of the Inspector General of Education.

The building in which the Dispensary is now located will suit the Deputy Amildar.

If the welfare of the whole of the population of Harihar should be taken into account as against the

S i r,

With reference to your letter No.6897/Ml.105-13-2 dated 13th January 1914 regarding the removal of the Dispensary at Harihar to the old Taluk Cutchery building , now occupied by the Deputy Amildar, I have the honor to state that the Dispensary may be conveniently located in the old Taluk Cutchery building as suggested by the Senior Surgeon.

2. The views of the Municipal Council of Harihar were also called for in the matter and it is seen from the enclosed copy of the resolution that they are agreeable to the proposal. They however state that sufficient notice should be given to the Deputy Amildar for vacating the building

3. In submitting the copy of the resolution the Deputy Amildar brings to notice that it is very difficult to find suitable houses for the accommodation of the Deputy Amildar and that the present rented dispensary building is unfit for occupation. and suggests that the Dispensary may be located in the present A.V. School building after the construction of the proposed new building for the School. Further the Deputy Amildar reports that the old Taluk Cutchery is illsuited for purposes of dispensary in consequence of its being situated in the heart of the town and

people may hesitate to resort to the Dispensary during the prevalence of epddemic disease.

4. The Deputy Amildar's remarks are natural, as the Senior Surgeon's proposal, if carried out, would put him to inconvenience. The best arrangement would be to build a new dispensary building on the high ground near the Musafirkhana; but if this is impossible for financial reasons, the next best arrangement is the one proposed by the Senior Surgeon.

V.N.S.

Enc to sl 5 in med 105-13 20

Letter No.611 dated the 10th September 1914 from the Executive Engineer, Chitaldrug Division to the Chief Engineer of Mysore.

With reference to your No.7430 dated the 4th August 1914 in the proposal of removing the Local Fund Dispensary at Harihar from the present rented building (1) either to the present A. V. School (2) or to the old Taluk Cutcherry, I have the honour to submit two tracings showing the plans of the (1) A.V.School building and (2) the old Taluk Cutcherry; and beg to state that the school building is too big for a Local Fund Dispensary alone, and too small for one with inpatient wards. Construction of a new inpatient ward will be necessary in this case. Besides, the building may be required by the Educational Department for the elementary classes even after a new building is erected for A.V.School. The old Taluk Cutcherry building is spacious and strong and can accommodate both the Local Fund Dispensary with wards in the ground floor, and the Vaccination office in the upper floor. The alterations needed to render the building suitable for the above purposes are small and shown in red lines and may cost in all Rs 1,200 to Rs 1,500.

2. Copy of the No.III Davangere Sub Division Officer's report is enclosed for information.

&&&&&&&&&&&&&&&&&&&&&&&&&&&&

Letter No.2210 dated the 31st October 1914 from the Senior Surgeon with the Government of Mysore to the Chief Engineer of Mysore.

In reply to your letter No.9564 dated the 17th October 1914 I have the honour to state that I agree with the Executive Engineer in his opinion that it will better to adapt the old

Taluk Cutcherry building for use as a Dispensary. In making use of the out-houses for in-patient wards, I would suggest the three contiguous rooms on the left being all converted into wards, the room on the right hand side alone being used as a kitchen, leaving the passage between it and the wards.

The tracings and report that formed enclosures to the Executive Engineer's letter are herewith returned as desired

IX. Read letter No.4347/Med.105-13-6 dated 30th November 1914 from the General and Revenue Secretary enquiring whether the District Board is prepared to contribute one-third of the cost of effecting necessary alterations to the old Taluk Cutcherry building at Harihar so as to adapt it for purposes of a Dispensary.

Resolution:- The District Board is prepared to bear one-third of the cost of adapting the old Taluk Cutcherry for a Dispensary but would prefer a new building if possible.
